Society Annual
Meeting

January 17, 2025
at
Table 100
Flowood, MS 39232

Course Synopsis

(Morning Presentation)

Speaker: Joseph Allen Stith

“ Practice Growth Innovation in Dentistry”

Designed to be a fast-paced, thought-provoking course that challenges and inspires people to make the needed changes to grow, participants will be introduced to proven innovative approaches to leadership and organizational change that can transform the team into a highly desired workplace destination. Practice growth by any definition is most sustainable when leadership is built on high levels of trust and solid relationships with people –both with the team and the patients. This course can be effective with a combined total team audience or doctors exclusively.

Learning Objectives

1. Learn how to reduce common pain points in every aspect of practice management.
2. Redefine technology to achieve a unique innovative advantage and better prioritize practice objectives for growth.
3. Learn how to transform your team culture and convert your vision into motivation and positive momentum.

Course Synopsis

(Afternoon Presentation)

Speaker: Dr. Miles R. Cone

“Burn The Ships: Digital Dentistry Solutions for Analog Patient Problems”

Many traditional dental procedures have been given a digital make-over, and this technology has greatly improved the efficacy, laboratory communication, case acceptance, and overall clinical experience in the on-going quest for improved patient outcomes. This presentation will discuss some of the “can’t live without” tools that have revolutionized the path of the contemporary analog clinician towards a more successful future shaped by digital dentistry.

Continuing Education Credit

The business meeting is approved for 2 CE hours credit (dentist only) and the lectures for 4 CE hours.

A document stating the credit hours earned will be presented at the end of the business meeting and again following the lecture.
